

HY4300 Digital Multimeter & Cable Tester. This multimeter has been designed according to IEC-61010-1 concerning electronic measuring instruments with an over voltage category CAT II 1000V and pollution 2. This meter is a portable professional measuring instrument with a handsome LCD and back light for easy reading. Equipped with both an overload protection indicator & a low battery indicator. Ideal for use in all fields, workshops, schools, hobby & home applications as well.

Specifications :

DCV:200mV-1000mV $\pm(0.5\%+1)$

ACA:2V-750V $\pm(0.8\%+3)$

DCA:2mA-20A $\pm(1.0\%+5)$

ACA:200mA-20A $\pm(1.5\%+5)$

OHM:2000-20mO $\pm(0.8\%+3)$

Cable test: RJ11/RJ12/RJ45/USB

Diode Test:yes

Continuity Buzzer:yes

Transistor Test:yes

Back Light

Live wire identify:yes

Power:9V 6F22

Maximum Display:1999

Display Size:30*57mm

Product Size:190*90*34mm
